

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Slankamenac
DOCKET NO.: 20-22352.001-R-1
PARCEL NO.: 12-16-412-041-0000

The parties of record before the Property Tax Appeal Board are Paul Slankamenac, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,432
IMPR.: \$9,268
TOTAL: \$12,700

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story, single-family dwelling of frame and masonry construction with 1,113 square feet of living area. The building is 64 years old. Features of the home include a crawl space, central air conditioning and a 2.5-car garage. The property has a 5,280 square foot site and is located in Schiller Park, Leyden Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts overvaluation in this appeal. In support of the overvaluation argument, the appellant submitted evidence disclosing that the subject property was purchased on November 9, 2018, for a price of \$127,000. The appellant also asserts assessment inequity and submitted four equity comparables in support of this argument. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,346. The subject's assessment reflects a market value of \$183,460 or \$164.83 per square foot of living area, land included, when using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%. The subject's improvement assessment is \$14,914 or \$13.40 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four suggested sales comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of market value is the sale of the subject property in November 2018 for a price of \$127,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the PTAB residential appeal form and disclosed that the parties to the transaction were not related, the property was sold by a realtor, it had been advertised on the open market through the Multiple Listing Service, and it had been on the market for 90 days. The appellant also submitted a copy of the settlement statement from the transaction. The Board finds the purchase price is below the market value reflected by the assessment.

The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction. The board of review's suggested sales comparables are given less weight due to the construction and/or design differences between those suggested comparables and the subject. The Board concludes that the board of review did not refute the appellant's contention that the purchase price of the subject property was reflective of market value. Based on this record the Board finds the subject property had a market value of \$127,000 as of January 1, 2020. Since market value has been determined, the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10% shall apply. A reduction in the subject's assessment commensurate with the appellant's request is therefore appropriate. Since market value has been determined, the Board finds that the subject is now fairly and equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
