

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bruce Wilson  
DOCKET NO.: 20-22855.001-R-1  
PARCEL NO.: 05-27-103-002-0000

The parties of record before the Property Tax Appeal Board are Bruce Wilson, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$38,500  
**IMPR.:** \$108,069  
**TOTAL:** \$146,569

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 95-year-old, two-story, single-family dwelling of masonry construction with 4,954 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a three-car garage. The property has a 17,500 square foot site and is located in Kenilworth, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant supplied information disclosing the total assessment for the subject of \$157,252. The subject's assessment reflects a market value of \$1,572,520 or \$317.42 per square foot of living area, including land, when applying the Cook County Real Property Assessment Classification Ordinance of 10% as established by the Cook County Real Property Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three sales comparables. The appellant did not report the exact proximity of the suggested comparables to the subject but disclosed that they had the same neighborhood code as the subject. The comparables are described as single-family dwellings of either frame or masonry construction. They ranged in age from 94 to 118 years and in size from 4,000 to 4,948 square feet of building area. They sold from April 2017 to June 2019 for prices ranging from \$285.62 to \$301.55 per square foot of building area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing a total assessment for the subject of \$172,805. However, this figure is incorrect. The appellant provided a copy of the final board of review 2020 assessment decision for the subject (PIN 05-27-103-002-0000) finalizing the assessed valuation for the subject property at \$157,252. Within the "Board of Review Notes on Appeal," the board of review submitted information on one suggested comparable sale. The comparable was within a block of the subject and sold in June of 2017 for \$813.01 per square foot of building area, land included.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #2 and #3. These comparables sold for prices ranging from \$285.62 to \$301.55 per square foot of building area, including land. The subject's assessment reflects a market value of \$317.42 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
