

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Tobin
DOCKET NO.: 20-22924.001-R-1
PARCEL NO.: 05-34-209-014-0000

The parties of record before the Property Tax Appeal Board are Michael Tobin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,700
IMPR.: \$104,800
TOTAL: \$134,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 4,322 square feet of living area. The dwelling was approximately 96 years old. Features of the home include a partial basement with finished area, central air conditioning, three fireplaces and a 2-car garage. The property has a 13,500 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-06 properties improved with dwellings of stucco exterior construction that range in size from 2,275 to 3,248 square feet of living area. The dwellings are 99 to 119

years old and have partial basements with finished area. Each comparable has central air conditioning, one or two fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$39,825 to \$55,479 or from \$17.08 to \$19.66 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,500. The subject property has an improvement assessment of \$104,800 or \$24.25 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-06 properties improved with 2-story dwellings of stucco or frame exterior construction ranging in size from 3,004 to 3,505 square feet of living area. The homes range in age from 108 to 121 years old and have partial basements, one of which has finished area. Two comparables have central air conditioning. Each comparable has two fireplaces and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$82,850 to \$96,891 or from \$27.51 to \$27.64 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparables for the Board's consideration, all of which have smaller dwelling sizes than the subject. The Board gives less weight to appellant's comparables #2, #3 and #4 which are less similar to the subject in dwelling size than the remaining comparables in the record.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 as well as the board of review comparables which are more similar to the subject in dwelling size and have varying degrees of similarity in age and features. The comparables have assessments ranging from \$55,479 to \$96,891 or \$17.08 to \$27.64 per square foot of living area. The subject's improvement assessment of \$104,800 or \$24.25 per square foot of living area falls within the range established by the best comparables in the record on a square foot basis but higher on an overall basis which is logical due to subject's larger dwelling size. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
