The parties of record before the Property Tax Appeal Board are William Lewin, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of three parcels of land improved with a 16-year-old, two-story, masonry, single-family dwelling containing 5,256 square feet of building area. The property is located in Glencoe, New Trier Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity as the basis of the appeal. In support of this argument, the appellant submitted four equity comparables. These properties are described as two-story, masonry or frame and masonry, single-family dwellings. They range: in age from 21 to 151; in size from 5,328 to 6,756 square feet of building area; and in improvement assessment from \$18.34 to \$21.26 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the assessment for one parcel. The subject's total assessment is \$159,713 with an improvement assessment of \$116,671 or \$22.19 per square foot of building area.

In support of the assessment the board of review submitted three equity comparables. These properties are described as two-story, masonry, single-family dwellings. They range: in age from 12 to 22; in size from 5,154 to 5,391 square feet of building area; and in improvement assessment from \$22.77 to \$24.09 per square foot of building area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review's comparables. These comparables had improvement assessments ranging from \$18.34 to \$24.09 per square foot of building area. The remaining comparables were given less weight due to differences in size. The subject's improvement assessment of \$22.19 per square foot of building area is within the range of the best comparables in this record. Therefore, the Board finds that the appellant has not proven by clear and convincing evidence that the subject property is inequitably assessed, and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
