

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Amanda Hansen
DOCKET NO.: 20-23087.001-R-1
PARCEL NO.: 05-17-401-016-0000

The parties of record before the Property Tax Appeal Board are Amanda Hansen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,312
IMPR.: \$70,000
TOTAL: \$95,312

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,383 square feet of living area that is approximately 95 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 2.5-car garage. The property has an approximately 11,250 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of masonry exterior construction ranging in size from 4,068 to 4,501 square feet of living area. The homes range in age from 89 to 106 years

old. Each comparable has a basement with finished area, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$63,803 to \$72,017 or from \$15.24 to \$17.54 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$54,805 or \$16.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$98,864. The subject property has an improvement assessment of \$73,552 or \$21.74 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables, three of which are located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-06 dwellings of frame, masonry, stucco or frame and masonry exterior construction ranging in size from 3,035 to 3,574 square feet of living area. The homes range in age from 67 to 105 years old. Each comparable has a basement, with one having finished area. Each dwelling has one fireplace and a 1-car or a 2-car garage. Two homes have central air conditioning. The comparables have improvement assessments ranging from \$64,323 to \$85,652 or from \$21.00 to \$23.97 per square foot of living area.

The board of review submitted comments contending its comparables are close to the subject in age, construction, dwelling size and location. Additionally, the board of review asserted the subject's per square foot improvement assessment of \$21.74 falls below the average per square foot improvement assessment of its comparables of \$22.00 and therefore the subject's per square foot improvement assessment is supported. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #1 which is less similar to the subject in dwelling size than other properties in the record. The Board also gives less weight to the board of review comparables #1, #2 and #4 which differ from the subject in age, location and/or have an unfinished basement in contrast to the subject's finished basement.

The Board finds the best evidence of assessment equity to be appellant comparables #2, #3 and #4 as well as board of review comparable #3 which are more similar to the subject in location, age, design, dwelling size and most features. These comparables have improvement assessments ranging from \$63,803 to \$72,017 or from \$15.50 to \$21.00 per square foot of living area. The subject's improvement assessment of \$73,552 or \$21.74 per square foot of living area falls above

the range established by the most similar comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
