

**AMENDED
FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Dimiropoulos
DOCKET NO.: 20-23214.001-R-1
PARCEL NO.: 03-25-209-019-0000

The parties of record before the Property Tax Appeal Board are Steve Dimiropoulos, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,909
IMPR.: \$22,720
TOTAL: \$28,629

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,478 square feet of living area. The dwelling is approximately 36 years old. Features of the home include a partial basement with finished area, central air conditioning, one fireplace and a two-car garage. The property has a 9,455 square foot site located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-34 dwellings of frame and masonry exterior construction

ranging in size from 1,480 to 2,154 square feet of living area. The dwellings range in age from 36 to 57 years old. Each comparable has a partial basement with finished area, central air conditioning, one fireplace and a two-car garage. The comparables have improvement assessments ranging from \$21,024 to \$26,122 or from \$12.13 to \$14.26 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$20,219 or \$13.68 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,629. The subject property has an improvement assessment of \$22,720 or \$15.37 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with multi-level class 2-34 dwellings of frame or frame and masonry exterior construction with either 1,170 or 1,236 square feet of living area. The dwellings are either 54 or 58 years old. Each comparable has a partial basement with finished area, central air conditioning and a one-car or a two-car garage. The comparables have improvement assessments ranging from \$22,312 to \$23,230 or from \$18.79 to \$19.47 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #4, as well as the board of review comparables #2 and #3 due to their dissimilar dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3, as well as the board of review comparable #1 which are relatively similar to the subject in dwelling size and features; however, two of these comparables are considerably older than the subject dwelling. These comparables have improvement assessments ranging from \$14.12 to \$18.79 per square foot of living area. The subject's improvement assessment of \$15.37 per square foot of living area falls within the range established by the best comparables in this record on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden

with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
