

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Kaplan
DOCKET NO.: 20-23280.001-R-1
PARCEL NO.: 05-07-213-019-0000

The parties of record before the Property Tax Appeal Board are Jeffrey Kaplan, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,675
IMPR.: \$50,511
TOTAL: \$96,186

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 80-year-old two-story single-family dwelling of masonry construction with 3,640 square feet of living area. Features of the home include a full basement with finished area, one fireplace and a 2-car garage. The property has a 21,750 square foot site located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four sales comparables. The appellant did not report the proximity of the comparables to the subject but disclosed they have the same neighborhood code as the subject. The comparables ranged: in size from 3,253 to 4,248 square feet of living area. They sold from October 2017 to July 2019 for prices ranging from \$194.69 to \$235.89 per

square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$77,164.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,186. The subject's assessment reflects a market value of \$961,860 or \$264.25 per square foot of living area, including land, when applying the statutory level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales with varying degrees of similarities to the subject. They were located within a ¼ mile radius of the subject or within a block of the subject. The sales occurred from February 2018 through December 2020. They sold for \$323.56 to \$722.57 per square foot of living area, including land. The sales ranged in; age from 67 to 94 years; in size from 2,679 to 4,832 square feet of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables and board of review's comparable #2, #3 and #4. These comparables sold for prices ranging from \$194.69 to \$402.08 per square foot of living area, including land. The subject's assessment reflects a market value of \$264.25 per square foot of living area, including land, which is within the range established by the best comparables in this record. Based on this record, the Board finds the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued. Accordingly, a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
