

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Peppey
DOCKET NO.: 20-23283.001-R-1
PARCEL NO.: 05-33-212-006-0000

The parties of record before the Property Tax Appeal Board are Christopher Peppey, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,000
IMPR.: \$41,732
TOTAL: \$56,732

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 101-year-old, two-story, single-family dwelling of stucco exterior with 2,182 square feet of living area. The property has a 7,500 square foot site and is located in Wilmette, New Trier Township, Cook County. Features of the home include a full unfinished basement and a two-car garage. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance. The record reflects that the subject property is owner-occupied.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales. The comparable properties sold between July 2017 and July 2019. The comparable properties ranged: in price between \$425,000 to \$569,000; in living area square footage between 1,436 to 2,189; and in sale price per square

foot between \$256.04 to \$295.96, including land. Based on this evidence, appellant requested a reduction in the subject's assessment to \$59,457.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,592. The subject's assessment reflects a market value of \$665,920 or \$305.19 in market value per square foot of living area, including land, when applying the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on three suggested comparables. Each of the suggested comparables had equity data but none had sales data.

Conclusions of Law

The taxpayer asserts that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the taxpayer must prove the value of the property by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); Winnebago County Bd. of Review v. Property Tax Appeal Bd., 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment on this basis is warranted.

The Board concludes that the best evidence of the subject's market value is the appellant's comparables #1, #2, and #3. Like the subject property, these comparables are class 2-05, single-family dwellings with similar living areas, similar basements, a garage area, and are located within the same neighborhood code.

These comparables sold between July 2017 and July 2019, for amounts ranging from \$256.04 to \$278.03 per square foot of living area, land included in the sale price. The subject property's assessment reflects a market value of \$665,920, land included, or \$305.19 per square foot of living area, which is above the range established by the best comparables in the record. Accordingly, the Board determines that the appellant has established by a preponderance of the evidence that the subject property was overvalued. Based on the evidence, the Board therefore finds that a reduction in the subject's assessment on this basis is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
