

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Margaret & John Lane
DOCKET NO.: 20-23641.001-R-1
PARCEL NO.: 16-06-407-016-0000

The parties of record before the Property Tax Appeal Board are Margaret & John Lane, the appellants, by attorney Edward Mullen, of Raila & Associates, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,852
IMPR.: \$68,524
TOTAL: \$81,376

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 3,020 square feet of living area. The dwelling is approximately 108 years old. Features of the home include an unfinished basement, one fireplace, and a 2-car garage. The property has a 12,240 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of the inequity argument, the appellants submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of stucco exterior construction ranging in size from 3,239 to 3,524 square feet of living area. The homes range in age from 107

to 121 years old. Each comparable has a basement, two of which have finished area. Two comparables each have central air conditioning. Three comparables each have one fireplace and a 2.5-car garage. The comparables have improvement assessments ranging from \$40,029 to \$60,761 or from \$11.61 to \$18.76 per square foot of living area. Based on this evidence, the appellants requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,376. The subject property has an improvement assessment of \$68,524 or \$22.69 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of stucco exterior construction ranging in size from 2,580 to 2,722 square feet of living area. The homes range in age from 106 to 109 years old. Each comparable has a basement, one of which has finished area, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$64,555 to \$69,630 or from \$23.89 to \$26.99 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellants' comparable #3 as well as board of review comparables #1, #2, and #4 which are similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$58,814 to \$69,630 or from \$18.07 to \$26.99 per square foot of living area. The subject's improvement assessment of \$68,524 or \$22.69 per square foot of living area falls within the range established by the best comparables in this record and is supported. The Board gives less weight to the parties' remaining comparables due to differences in dwelling size, garage amenity, and/or basement finish when compared to the subject. Additionally, the appellants' comparable #2 appears to be an outlier with an improvement assessment that is significantly lower than the other comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
