

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Vavra
DOCKET NO.: 20-23660.001-R-1
PARCEL NO.: 16-30-225-019-0000

The parties of record before the Property Tax Appeal Board are Richard Vavra, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,469
IMPR.: \$14,881
TOTAL: \$19,350

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry construction with 1,363 square feet of living area. The dwelling is 93 years old. Features of the home include a full unfinished basement and a 2-car garage. The property has a 4,158 square foot site and is located in Berwyn, Berwyn Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with 1-story or 1.5-1.9-story dwellings of masonry construction ranging in size from 1,465 to 1,766 square feet of living area. The dwellings range in age from 95 to 97 years old. The comparables have full or partial basements, one of which has finished

area, and two comparables have central air conditioning. The comparables have improvement assessments ranging from \$11,692 to \$14,094 or \$7.98 and \$8.32 per square foot of living area.

Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$10,877.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,350. The subject property has an improvement assessment of \$14,881 or \$10.92 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with 1-story or 1.5-story dwellings of masonry construction ranging in size from 1,179 to 1,289 square feet of living area. The dwellings are 93 or 94 years old and have full unfinished basements. One comparable has central air conditioning, and three comparables have a 2-car garage. The comparables have improvement assessments ranging from \$13,970 to \$14,927 or from \$11.48 to \$11.85 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3 and #4, as well as the board of review's comparables. These comparables had improvement assessments that ranged from \$11,692 to \$14,927 or from \$7.98 to \$11.85 per square foot of living area. The subject's improvement assessment of \$14,881 or \$10.92 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the appellant's comparable #2, due to its larger dwelling size when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
