

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christine Buckner
DOCKET NO.: 20-23692.001-R-1
PARCEL NO.: 24-36-208-015-0000

The parties of record before the Property Tax Appeal Board are Christine Buckner, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,520
IMPR.: \$14,809
TOTAL: \$17,329

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame construction with 2,472 square feet of living area. The dwelling is 127 years old. Features include an unfinished full basement and a 1.5-car garage. The property has a 5,040 square foot site and is located in Blue Island, Worth Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame or stucco construction ranging in size from 2,908 to 3,160 square feet of living area. The dwellings range in age from 117 to 132 years old. Three comparables have unfinished full basements, and one comparable has a slab foundation. One comparable has a fireplace. The appellant failed to disclose whether the

comparables had garages, however, from the photographic evidence it appears the appellant's comparables lack garages. The comparables have improvement assessments ranging from \$14,033 to \$15,023 or from \$4.67 to \$4.83 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,329. The subject property has an improvement assessment of \$14,809 or \$5.99 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame construction ranging in size from 2,220 to 2,460 square feet of living area. The dwellings range in age from 117 to 137 years old and have unfinished full basements. One comparable has a fireplace, and two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$14,525 to \$16,267 or from \$6.06 to \$6.89 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #4. These comparables have varying degrees of similarity to the subject. However, each of the best comparables has a slightly larger garage when compared to the subject. Nevertheless, the best comparables have improvement assessments of \$14,904 and \$16,267 or \$6.06 and \$6.89 per square foot of living area. The subject's improvement assessment of \$14,809 or \$5.99 per square foot of living area falls slightly below the improvement assessments of the best comparables in this record. However, after considering adjustments to the best comparables for differences when compared to the subject, such as their larger garages, the Board finds the subject's slightly lower improvement assessment is justified. The Board gave less weight to the parties' remaining comparables, due to their lack of a basement foundation, their larger dwelling size, and/or their lack of a garage when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
