

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Gil
DOCKET NO.: 20-24107.001-R-1
PARCEL NO.: 24-05-307-048-0000

The parties of record before the Property Tax Appeal Board are Joseph Gil, the appellant, by John W. Zapala, of the Law Offices of John Zapala, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,895
IMPR.: \$35,816
TOTAL: \$39,711

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction containing 3,872 square feet of living area. The dwelling is approximately 34 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 7,791 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted three equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-08, 2-story dwellings of masonry exterior construction ranging in size from 4,018 to 4,632 square feet of living area. The dwellings are either 13 or 19 years old. Each comparable has an unfinished basement, central air conditioning and either one or two fireplaces. Two comparables have either a 2-car or a 3-car garage. The comparables have improvement

assessments that range from \$36,927 to \$41,763 or from \$9.02 to \$9.25 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$34,911 or \$9.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,711. The subject property has an improvement assessment of \$35,816 or \$9.25 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, two of which are located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-08, 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 3,863 to 4,153 square feet of living area. The dwellings range in age from 7 to 43 years old. Each comparable has a basement, one with finished area, central air conditioning, one fireplace and from a 2-car to a 3.5-garage. The comparables have improvement assessments that range from \$36,987 to \$44,319 or from \$9.53 to \$10.67 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparables #1 and #3 as well as board of review comparables #3 and #4 due to substantial differences from the subject in dwelling size, location, garage amenity and/or finished basement amenity.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 along with the board of review comparables #1 and #2. The Board finds that these comparables are most similar to the subject in location, design, dwelling size and features. However, each comparable is somewhat newer in age when compared to the subject, suggesting adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, these comparables have improvement assessments ranging from \$36,972 to \$38,525 or from \$9.19 to \$9.97 per square foot of living area. The subject's improvement assessment of \$35,816 or \$9.25 per square foot of living area, falls within the range of the best comparables on a square foot basis but below the range on a total improvement assessment. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
