

# FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: 1350 N. Bosworth LLC

DOCKET NO.: 20-24262.001-R-1 PARCEL NO.: 17-05-115-037-0000

The parties of record before the Property Tax Appeal Board are 1350 N. Bosworth LLC, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,260 **IMPR.:** \$66,765 **TOTAL:** \$78,025

Subject only to the State multiplier as applicable.

## **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

#### **Findings of Fact**

The subject property consists of two improvements.<sup>1</sup> Improvement #1 is a 2-story multi-family building of masonry exterior construction with 3,406 square feet of building area. The building is approximately 105 years old. Features include a basement finished with an apartment and central air conditioning. Improvement #2 was described by the board of review as a multi-family building with 2,639 square feet of building area but did not provide any additional property characteristics. The parcel has a 3,312 square foot site and is located in Chicago, Jefferson Township, Cook County. Both Improvement #1 and #2 are classified as class 2-11 properties under the Cook County Real Property Assessment Classification Ordinance.

<sup>&</sup>lt;sup>1</sup> The board of review's evidence disclosed that the subject property has two improvements situated on one parcel of land, a fact omitted by the appellant and unrefuted by the appellant. The board of review provided descriptive information for Improvement #1 but only classification code and square footage for Improvement #2.

The appellant contends assessment inequity with respect to only Improvement #1 as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject.<sup>2</sup> The appellant did not disclose the proximity information for the comparables. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,671 to 7,303 square feet of building area. The buildings range in age from 105 to 133 years old. Comparables #1, #2, #4, and #5 have full or partial basements. Comparable #2 has central air conditioning. Comparable #5 has a 3-car garage. The comparables have improvement assessments ranging from \$26,247 to \$54,005 or from \$4.09 to \$9.13 per square foot of building area.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated February 8, 2021 which disclosed a total assessment of \$78,025, which includes both improvements. No evidence was provided by either party on the allocation of the assessment for each of the two improvements. Both parties noted that the total improvement assessment for both buildings is \$66,765 or \$11.04<sup>3</sup> per square foot of building area based on the combined square footage of 6,045 square feet. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment for Improvement #1, the board of review submitted information on four suggested equity comparables located within the same assessment neighborhood code as the subject. Two of these comparables are reported to be located on the same block and street as the subject property and two comparables are located within ¼ mile of the subject. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,840 to 4,347 square feet of building area. The buildings are each 128 years old. Three comparables each have a concrete slab foundation and one comparable has a crawl space foundation. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$51,856 to \$63,811 or from \$12.09 to \$16.62 per square foot of building area. Based on this evidence, the board of review requested that the subject's improvement assessment be confirmed.

#### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal

<sup>&</sup>lt;sup>2</sup> Property characteristics not disclosed by the appellant were gleaned from the property detail printouts submitted by the appellant. However, the Board finds a property detail printout was not provided for comparable #3, instead a property detail printout for a different parcel was submitted. As a result, garage and foundation descriptions are not available for comparable #3.

<sup>&</sup>lt;sup>3</sup> Both parties reported in their grid analyses that the subject's improvement assessment was \$66,785, however, this is for both improvements combined. The appellant's grid only used the square footage for Improvement #1 of 3,406 to compute the average improvement assessment on a per square foot basis of \$19.60. The board of review's grid used the combined square footage of the two improvements to calculate the average improvement assessment on a per square foot basis as \$11.04 and noted on page one of the Notes on Appeal the subject has an average per square foot of \$11.04.

treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Initially, the Board finds the appellant is only requesting a reduction in the improvement assessment for Improvement #1.

For Improvement #1, the parties submitted nine equity comparables for the Board's consideration. Given the subject property consisting of two buildings and each of the comparables are improved with a single building, the Board finds that a meaningful comparative analysis is severely diminished. Furthermore, as the appellant failed to disclose the existence of the second building on the subject parcel and none of the appellant's comparables are truly similar to the subject, the board finds that the appellant did not establish by clear and convincing evidence that the single building on appeal is inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING:	

#### **CERTIFICATION**

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date:	April 15, 2025
	Middle 15
	Clerk of the Property Tay Appeal Roard

Clerk of the Property Tax Appeal Board

### **IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A <u>PETITION AND EVIDENCE</u> WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
