

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kristen Conry
DOCKET NO.: 20-24389.001-R-1
PARCEL NO.: 16-06-318-040-0000

The parties of record before the Property Tax Appeal Board are Kristen Conry, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,381
IMPR.: \$36,223
TOTAL: \$44,604

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 1,739 square feet of living area. The dwelling is approximately 104 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and 2-car garage. The property has a 7,450 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the inequity argument, the appellant submitted information on five equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 1-story or 2-story, class 2-02 or class 2-05 dwellings of wood or stucco exterior construction ranging in size from 880 to 2,048 square feet of living area. The homes

range in age from 93 to 114 years old. Each comparable has a basement, one of which has finished area, one or two fireplaces, and a 1-car or a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$23,309 to \$34,988 or from \$11.38 to \$18.12 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$26,589 or \$15.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,604. The subject property has an improvement assessment of \$36,223 or \$20.83 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-05 dwellings of stucco exterior construction ranging in size from 1,488 to 2,062 square feet of living area. The homes range in age from 97 to 105 years old. Each comparable has an unfinished basement and one fireplace. One comparable has central air conditioning. Two comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$32,587 to \$59,497 or from \$21.90 to \$28.85 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3, and #4 as well as board of review comparables #1 and #2 which are overall more similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. Four of these comparables lack central air conditioning and one comparable lacks a garage, both features of the subject. Nevertheless, the comparables have improvement assessments ranging from \$28,169 to \$40,963 or from \$14.98 to \$23.02 per square foot of living area. The subject's improvement assessment of \$36,223 or \$20.83 per square foot of living area falls within the range established by the best comparables in this record and is supported. The Board gives less weight to the parties' remaining comparables which differ from the subject in design, basement finish, and/or dwelling size. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
