

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Panagiota Papadatos
DOCKET NO.: 20-25010.001-R-1
PARCEL NO.: 23-10-203-088-0000

The parties of record before the Property Tax Appeal Board are Panagiota Papadatos, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,012
IMPR.: \$16,218
TOTAL: \$22,230

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame exterior construction with 1,347 square feet of living area. The dwelling is approximately 44 years old. The home features a partial basement with finished area. The property has an approximately 10,021 square foot site and is located in Palos Hills, Palos Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-34 properties that are improved with multi-level dwellings of masonry or frame and masonry exterior construction ranging in size from 1,708 to 1,899 square feet of living area. The dwellings are 39 to 52 years old. Each comparable has a partial basement with finished area,

central air conditioning and a two-car garage. Four comparables each have a fireplace. The comparables have improvement assessments that range from \$18,401 to \$19,940 or from \$10.50 to \$11.50 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$14,495 or \$10.76 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,230. The subject property has an improvement assessment of \$16,218 or \$12.04 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-34 properties that are improved with multi-level dwellings of frame and masonry exterior construction ranging in size from 1,309 to 1,398 square feet of living area. The dwellings are 47 or 49 years old. Each comparable has a partial basement with finished area and a two-car garage. Comparable #4 has central air conditioning. The comparables have improvement assessments that range from \$18,749 to \$19,318 or from \$13.71 to \$14.32 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to their larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be comparables submitted by the board of review, which are overall more similar to the subject in location, dwelling size, design and age. However, the Board finds all four comparables have a garage and comparable #4 has central air conditioning, neither of which are features of the subject, suggesting downward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$18,749 to \$19,318 or from \$13.71 to \$14.32 per square foot of living area. The subject's improvement assessment of \$16,218 or \$12.04 per square foot of living area falls below the range established by the best comparables in the record, which appears to be logical given its lack of a garage and central air conditioning. Therefore, based on this record and after considering adjustments to the best

comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
