

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Piotr Jezierski  
DOCKET NO.: 20-25038.001-R-1  
PARCEL NO.: 23-35-311-019-0000

The parties of record before the Property Tax Appeal Board are Piotr Jezierski, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,750  
**IMPR.:** \$27,519  
**TOTAL:** \$34,269

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,754 square feet of living area. The dwelling is approximately 37 years old. Features of the home include a partial basement with finished area, central air conditioning, a fireplace and a two-car garage. The property has an approximately 10,000 square foot site and is located in Orland Park, Palos Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-78 properties that are improved with two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,596 to 3,536 square feet of living area. The

dwellings are 34 to 46 years old. The comparables each have a full or partial basement, two of which have finished area. Each comparable has central air conditioning, a fireplace and a two-car garage.<sup>1</sup> The comparables have improvement assessments that range from \$23,586 to \$29,449 or from \$7.26 to \$9.29 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$24,016 or \$8.72 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,269. The subject property has an improvement assessment of \$27,519 or \$9.99 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-78 properties that are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 2,701 to 2,856 square feet of living area. The dwellings are 36 to 41 years old. Each comparable has a full or partial unfinished basement, central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessments that range from \$27,173 to \$30,079 or from \$10.06 to \$10.64 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eleven comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #7 due to their larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 through #6, along with the comparables submitted by the board of review, which are similar to the subject in location, dwelling size, design, age and some features. However, the Board finds eight of the nine comparables lack finished basement area, a feature of the subject, suggesting upward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$23,586 to \$30,079 or from \$8.80 to \$10.64 per square foot of living area. The subject's improvement assessment of

<sup>1</sup> The photographic evidence provided by the appellant depicts the appellant's comparable #7 with a two-car garage, which was not disclosed by either party nor was it reported in the property characteristic printout submitted by the appellant. Thus, the Board finds this comparable is likely not being assessed for the garage.

\$27,519 or \$9.99 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
