

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Luisa Long
DOCKET NO.: 20-25156.001-R-1
PARCEL NO.: 15-01-411-018-0000

The parties of record before the Property Tax Appeal Board are Luisa Long, the appellant, by attorney Patrick C. Turner of Tabangay & Turner LLC in Elmhurst; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,831
IMPR.: \$65,350
TOTAL: \$78,181

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,426 square feet of living area. The dwelling is approximately 50 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 2-car garage. The property has an approximately 12,220 square foot site and is located in River Forest, River Forest Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted a grid analysis and property characteristic printouts containing information on the subject and three comparable properties. The comparables each have the same assessment neighborhood code as the subject. The comparables are class 2-78 properties that are improved with two-story dwellings of masonry

exterior construction ranging in size from 3,040 to 3,761 square feet of living area. The dwellings are 54 or 55 years old. The comparables each have a full or partial unfinished basement, central air conditioning, one or two fireplaces and either a 2-car, a 2.5-car or a 3-car garage. The comparables have improvement assessments that range from \$57,346 to \$60,801 or from \$15.90 to \$18.86 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$54,473 or \$15.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,181. The subject property has an improvement assessment of \$65,350 or \$19.07 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-78 properties that are improved with two-story dwellings of masonry exterior construction ranging in size from 2,656 to 3,342 square feet of living area. The dwellings are 44 to 59 years old. The comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning, a fireplace and a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$52,004 to \$72,863 or from \$19.12 to \$21.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #3, as well as board of review comparables #1 and #2 which are less similar to the subject in dwelling size than are the remaining comparables in the record. Additionally, board of review comparable #2 had finished basement area, unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2, along with board of review comparables #3 and #4, which are overall more similar to the subject in dwelling size and similar to the subject in location, design, age and some features. These three comparables have improvement assessments ranging from \$60,801 to \$72,863 or from \$17.73 to \$21.80 per square foot of living area. The subject's improvement assessment of \$65,350 or \$19.07 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with

clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
