

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dennis Hernandez
DOCKET NO.: 20-25158.001-R-1
PARCEL NO.: 16-17-318-027-0000

The parties of record before the Property Tax Appeal Board are Dennis Hernandez, the appellant, by attorney Patrick C. Turner, of Tabangay & Turner LLC in Elmhurst; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,228
IMPR.: \$26,905
TOTAL: \$30,133

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,273 square feet of living area. The dwelling is approximately 50 years old. Features of the home include an unfinished basement, central air conditioning, and a 2-car garage. The property has a 3,150 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-07 dwellings of frame or masonry exterior construction ranging in size from 1,319 to 1,937 square feet of living area. The comparables range in age from 59 to 62 years old. Each

comparable has a basement with two comparables having finished area, central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$27,228 to \$32,010 or from \$16.53 to \$20.64 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$21,043 or \$16.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,133. The subject property has an improvement assessment of \$26,905 or \$21.14 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in a different assessment neighborhood code than the subject. The comparables are improved with 2-story dwellings of frame, masonry, stucco or frame and masonry exterior construction ranging in size from 1,468 to 1,960 square feet of living area. The comparables range in age from 22 to 53 years old. Three comparables each have a basement with one having finished area, and one comparable has a concrete slab foundation. Three comparables each have central air conditioning, one comparable has one fireplace, and each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$32,899 to \$43,380 or from \$21.55 to \$24.10 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration, none of which are particularly similar to the subject due to varying differences in location, age, dwelling size, foundation type, basement finish, and/or other features. Nevertheless, these seven comparables have improvement assessments ranging from \$27,228 to \$43,380 or from \$16.53 to \$24.10 per square foot of living area. The subject's improvement assessment of \$26,905 or \$21.14 per square foot of living area falls below the range established by all the comparables in this record on an overall basis and within the range on a per-square-foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
