

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Martinez and Kimberly Confesor  
DOCKET NO.: 20-25161.001-R-1  
PARCEL NO.: 16-08-410-023-0000

The parties of record before the Property Tax Appeal Board are Martinez and Kimberly Confesor, the appellants, by attorney Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,650  
**IMPR.:** \$5,783  
**TOTAL:** \$13,433

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 120-year-old, two-story, single-family dwelling of frame construction with 2,828 square feet of living area. Features of the home include a slab foundation, three full bathrooms, five bedrooms and a one-car garage. The property has a 9,000 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on five comparable sales. The comparable properties sold between March 2019 and September 2020. The comparable properties ranged: in price between \$60,000 to \$135,000; in living area square footage between 2,650 to 2,844; and in sale price per

square foot between \$21.10 to \$49.82, including land. Based on this evidence, appellants requested a reduction in the subject's assessment to \$11,898.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,033. The subject's assessment reflects a market value of \$210,330 or \$74.37 in market value per square foot of living area, including land, when applying the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables; three of which contained sales data.

In written rebuttal, the appellants argued that the board of review's comparables were not as strong based on the dissimilarities in their characteristics. The appellants reaffirmed the request for an assessment reduction.

### **Conclusions of Law**

The taxpayer asserts that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the taxpayer must prove the value of the property by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); Winnebago County Bd. of Review v. Property Tax Appeal Bd., 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellants did meet this burden of proof and a reduction in the subject's assessment on this basis is warranted.

The Board concludes that the best evidence of the subject's market value is appellant's comparables #1, #3, #4 and #5. Like the subject property, these comparables are two-story, single-family dwellings with similar living areas, age, and locations within the same neighborhood code as the subject property.

These comparables sold between July 2019 and December 2019, for amounts ranging from \$21.10 to \$49.82 per square foot of living area, land included in the sale price. The subject property's assessment reflects a market value of \$210,330, land included, or \$74.37 per square foot of living area, which is above the range established by the best comparables in the record. Accordingly, the Board determines that the appellants have established by a preponderance of the evidence that the subject property was overvalued. Based on the evidence, the Board therefore finds that a reduction in the subject's assessment on this basis is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
