

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Ondrla  
DOCKET NO.: 20-25190.001-R-1  
PARCEL NO.: 16-18-230-021-0000

The parties of record before the Property Tax Appeal Board are Thomas Ondrla, the appellant, by attorney Christopher G. Walsh, Jr., of Walsh Law, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,320  
**IMPR.:** \$37,012  
**TOTAL:** \$42,332

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 2,060 square feet of living area. The dwelling is approximately 112 years old. Features of the home include an unfinished basement and a 1-car garage. The property has a 5,320 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with class 2-05, 2-story dwellings of frame exterior construction ranging in size from 1,938 to 2,136 square feet of living area. The dwellings are from 107 to 113 years old. Each comparable has a basement with three comparables having finished area and a 2-car garage.

Two comparables each have central air conditioning, and one comparable has one fireplace. The comparables have improvement assessments that range from \$28,155 to \$29,807 or from \$13.91 to \$14.53 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$29,664 or \$14.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,332. The subject property has an improvement assessment of \$37,012 or \$17.97 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with class 2-05, 2-story dwellings of frame exterior construction ranging in size from 1,946 to 2,142 square feet of living area. The dwellings are from 102 to 115 years old. Three comparables each have a basement with one comparable having finished area, and one comparable has concrete slab foundation. Two comparables each have central air conditioning, and each comparable has either a 2-car or a 3-car garage. The comparables have improvement assessments that range from \$36,168 to \$39,768 or from \$18.03 to \$18.66 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and the board of review comparables #2 and #3. These comparables are similar to the subject in location, age, dwelling size, and some features. These comparables have improvement assessments ranging from \$29,807 to \$37,327 or from \$14.44 to \$18.66 per square foot of living area. The subject's improvement assessment of \$37,012 or \$17.97 per square foot of living area falls within the range established by the best comparables in the record. The Board gives less weight to the parties' remaining comparables which have a dissimilar foundation type or a finished basement area, unlike the subject that has an unfinished basement. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
