

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pamela Leeming
DOCKET NO.: 20-25203.001-R-1
PARCEL NO.: 16-18-217-013-0000

The parties of record before the Property Tax Appeal Board are Pamela Leeming, the appellant, by attorney Christopher G. Walsh, Jr., of Walsh Law, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$4,410
IMPR.:	\$30,444
TOTAL:	\$34,854

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,126 square feet of living area. The dwelling is approximately 91 years old. Features of the home include a full unfinished basement and a 2-car garage. The property has a 4,410 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within 10 blocks from the subject property and within the same assessment neighborhood code as the subject. The comparables are improved with class 2-05, 2-story dwellings of frame exterior construction ranging in size from 1,938 to 2,136 square feet of living area. The comparables are 107 to 113 years old and have partial or full basements, two of which

are finished with recreation rooms. Two comparables have central air conditioning; one comparable has a fireplace; and each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$28,155 to \$29,807 or from \$13.91 to \$14.53 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,724. The subject property has an improvement assessment of \$37,314 or \$17.55 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located on the same block or within ¼ of a mile from subject property and within the same assessment neighborhood code as the subject. The comparables are improved with class 2-05, 2-story dwellings of masonry exterior construction ranging in size from 1,648 to 1,875 square feet of living area. The comparables are 91 to 101 years old and have full basements, two of which are finished with recreation rooms. One comparable has central air conditioning; one comparable has a fireplace; and each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$31,296 to \$35,195 or from \$17.75 to \$18.99 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables which are less similar to the subject in dwelling size than the appellant's comparables.

The Board finds the best evidence of assessment equity to be the appellant's comparables which overall are most similar to the subject in dwelling size and similar in location, design, age and features. However, three comparables have finished basement area; two comparables have central air conditioning; and one comparable has a fireplace; which are features the subject lacks, suggesting downward adjustments are necessary to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$28,155 to \$29,807 or from \$13.91 to \$14.53 per square foot of living area. The subject's improvement assessment of \$37,314 or \$17.55 per square foot of living area falls above the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
