

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Margaret Stec  
DOCKET NO.: 20-25220.001-R-1  
PARCEL NO.: 16-06-322-016-0000

The parties of record before the Property Tax Appeal Board are Margaret Stec, the appellant, by attorney Christopher G. Walsh, Jr., of Walsh Law, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,100  
**IMPR.:** \$32,587  
**TOTAL:** \$40,687

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of stucco exterior construction with 1,488 square feet of living area. The dwelling is approximately 97 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 1-car garage. The property has a 7,200 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the inequity argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-05 dwellings of stucco exterior construction ranging in size from 1,518 to 1,632 square feet of living area. The comparables range in age from 98 to 108

years old. Each comparable has a basement, one of which has finished area, and one fireplace. One comparable has central air conditioning. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$25,607 to \$30,201 or from \$16.87 to \$18.70 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,687. The subject property has an improvement assessment of \$32,587 or \$21.90 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-05 dwellings of stucco exterior construction ranging in size from 1,496 to 1,570 square feet of living area. The comparables range in age from 92 to 112 years old. Each comparable has a basement, three of which have finished area, and either a 1-car or a 2-car garage. One comparable has central air conditioning and a fireplace. The comparables have improvement assessments ranging from \$34,701 to \$38,037 or from \$22.10 to \$25.43 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #2, #3, and #4 as well as the board of review comparables which are overall more similar to the subject property in location, design, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$29,912 to \$38,037 or from \$18.33 to \$25.43 per square foot of living area. The subject's improvement assessment of \$32,587 or \$21.90 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's comparable #1 which lacks a garage amenity which is a feature of the subject. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
