

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerome Bolan
DOCKET NO.: 20-25264.001-R-1
PARCEL NO.: 16-06-409-014-0000

The parties of record before the Property Tax Appeal Board are Jerome Bolan, the appellant, by attorney Christopher G. Walsh, Jr., of Walsh Law, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,667
IMPR.: \$40,356
TOTAL: \$47,023

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 1,792 square feet of living area. The dwelling is approximately 110 years old. Features of the home include an unfinished basement, 2-bathrooms, central air conditioning and a 1-car garage. The property has an approximately 6,350 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story class 2-05 dwellings of frame or stucco exterior construction ranging in size from 1,650 to 1,944 square feet of living area. The homes range in

age from 102 to 112 years old. Each comparable has an unfinished basement, 1.5 or 2-bathrooms and a 2-car garage. Two dwellings have central air conditioning, and one home has a fireplace. The comparables have improvement assessments ranging from \$26,442 to \$42,639 or from \$16.03 to \$22.05 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$35,320 or \$19.71 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,023. The subject property has an improvement assessment of \$40,356 or \$22.52 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. Board of review comparables #2 and #3 are the same properties as the appellant's comparables #4 and #2, respectively. The comparables are improved with two-story class 2-05 dwellings of stucco or frame and masonry exterior construction ranging in size from 1,794 to 2,035 square feet of living area. The homes range in age from 98 to 112 years old. Each comparable has an unfinished basement, 1.5 or 2.5 bathrooms and a 2-car or a 4-car garage. Two dwellings have central air conditioning and two homes each have one fireplace. The comparables have improvement assessments ranging from \$37,069 to \$46,398 or from \$19.07 to \$22.93 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six equity comparables for the Board's consideration, as two properties were common to both parties. The Board gives less weight to appellant comparable #1 which appears to be an outlier, given its per square foot improvement assessment when compared to other properties in the record. The Board gives less weight to appellant comparables #2 and #3 along with board of review comparables #1 and #3, including one of the common properties, which are less similar to the subject in dwelling size and/or garage size.

The Board finds the best evidence of assessment equity to be appellant comparable #3 and board of review comparables #2 and #4, including one of the common properties. These two best comparables are more similar to the subject in location, age, design and dwelling size. However, these two properties bracket the subject's bathroom count and have a 2-car garage compared to the subject 1-car garage suggesting adjustments are needed to make these properties more equivalent to the subject. These best comparables have improvement assessments of \$40,396 and \$41,136 or for \$22.05 and \$22.93 per square foot of living area. The subject's improvement assessment of \$40,356 or \$22.52 per square foot of living area falls below the two best

comparables on an overall improvement assessment basis and is bracketed by the two best comparables in this record on a per square foot basis. Therefore, after considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
