

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bert Austin
DOCKET NO.: 20-25269.001-R-1
PARCEL NO.: 15-36-105-009-0000

The parties of record before the Property Tax Appeal Board are Bert Austin, the appellant, by attorney Christopher G. Walsh, Jr., of Walsh Law, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,976
IMPR.: \$43,344
TOTAL: \$64,320

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,870 square feet of living area. The home is approximately 129 years old. Features include a full basement, two fireplaces, and a 2-car garage. The property has a 22,080 square foot site and is located in Riverside, Riverside Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of frame exterior construction ranging in size from 3,751 to 3,968 square feet of living area. The homes range in age from 127 to 132 years old. The comparables each have a full basement, two of which have recreation

rooms. Each comparable has central air conditioning, from one to three fireplaces, and from a 1-car to a 3-car garage. The comparables have improvement assessments ranging from \$42,245 to \$45,278 or from \$11.06 to \$11.41 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$43,344 or \$11.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,377. The subject property has an improvement assessment of \$46,401 or \$11.99 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with two of these comparables being located within the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of frame, masonry, or stucco exterior construction ranging in size from 3,150 to 3,757 square feet of living area. The homes range in age from 97 to 118 years old. The comparables each have a full or partial basement, two of which are finished with a recreation room. Two comparables each have central air conditioning. Each comparable has either one or two fireplaces and from a 1.5-car to a 3-car garage. The comparables have improvement assessments ranging from \$39,604 to \$52,226 or from \$12.57 to \$14.81 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 which are overall most similar to the subject in location, design, age, dwelling size, and other features. These two comparables have improvement assessments of \$42,245 and \$43,427 or \$11.08 and \$11.26 per square foot of living area. The subject's improvement assessment of \$46,401 or \$11.99 per square foot of living area exceeds the two best comparables in this record and is excessive. The Board gives less weight to the appellant's comparables #1 and #4 which have basement finish, unlike the subject. The Board also gives less weight to the board of review comparables which differ substantially from the subject in age or dwelling size and/or have basement finish, unlike the subject, and/or are located in a different assessment neighborhood code than the subject. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
