

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Partyka
DOCKET NO.: 20-25795.001-R-1
PARCEL NO.: 24-03-127-008-0000

The parties of record before the Property Tax Appeal Board are Paul Partyka, the appellant, by attorney Omar Banna, of Mayster & Chaimson, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,100
IMPR.: \$7,303
TOTAL: \$9,403

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 744 square feet of living area. The dwelling is approximately 63 years old. Features of the home include a crawl space foundation and a 2-car garage. The property has a 4,000 square foot site and is located in Hometown, Worth Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and on the same street as the subject. The comparables are class 2-10 properties improved with 1-story dwellings of frame exterior construction ranging in size from 1,044 to 1,074 square feet of living area. The comparables are 63 or 67 years old. One comparable has central air conditioning and each

comparable has a 1-car or a 1.5-car garage. The comparables have improvement assessments ranging from \$7,442 to \$9,131 or from \$7.13 to \$8.50 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,403. The subject property has an improvement assessment of \$7,303 or \$9.82 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located on the same block and street as the subject. The comparables are class 2-10 properties improved with 1-story dwellings of frame exterior construction. Each dwelling has 744 square feet of living area and is 67 years old with a crawl space foundation. Two comparables have central air conditioning. Three comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$8,571 to \$8,748 or from \$11.52 to \$11.76 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which have considerably larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are identical in dwelling size. These comparables are also similar to the subject in age and some features except for one comparable lacks a garage and one comparable has central air conditioning. These comparables have improvement assessments ranging from \$8,571 to \$8,748 or from \$11.52 to \$11.76 per square foot of living area. The subject's improvement assessment of \$7,303 or \$9.82 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
