

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Belinda & Gus Samarniotis
DOCKET NO.: 20-26260.001-R-1 through 20-26260.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Belinda & Gus Samarniotis, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
20-26260.001-R-1	13-18-400-003-0000	3,593	7,382	\$10,975
20-26260.002-R-1	13-18-400-004-0000	3,593	7,382	\$10,975

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 71-year-old, two-story, single-family dwelling of frame construction containing 1,305 square feet of living area. Features of the home include a full unfinished basement and two-car garage. The property has two Property Index Numbers and is situated on two contiguous parcels with a total of 6,250 square feet of land in Harwood Heights, Norwood Park Township, Cook County. It is a Class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation. In support of the market value argument, the appellant submitted four comparable sales with varying degrees of similarity to the subject. The appellant did not report the exact proximity of the comparables to the subject but disclosed that all the comparables had the same neighborhood code as the subject. The comparables are described as single-family dwellings of frame construction. The comparable sales occurred from August 2018

to September 2020 for prices ranging from \$117.86 to \$158.73 per square foot of living area, including land. Based on the submitted evidence, the appellant requested the subject's total assessment be reduced to \$17,662.

The board of review submitted its "Board of Review Notes on Appeal." The total assessment for the subject was \$21,950. The subject's assessment reflects a market value of \$219,500 or \$168.20 per square foot of living area, land included, when applying the level of assessment of 10% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The comparable sales occurred from January 2018 to November 2020 for prices ranging from \$175.48 to \$221.99 per square foot of living area, including land. The board reported that the comparables are located in the same subarea as the subject. The board of review requested that the assessment be confirmed.

Prior to a scheduled January 23, 2024, hearing before a PTAB Administrative Law Judge the parties entered into a written agreement to waive hearing and have a decision rendered based on the previously submitted evidence.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the appellant's comparables #1 through #4 and the board of review's comparables #2 and #4. These comparables had sales prices ranging from \$117.86 to \$221.99 per square foot of building area, land included. The subject's assessment reflects a market value of \$168.20 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering all the comparables submitted by the parties with emphasis on those properties that are more proximate in location and with similar features relative to the subject and after further considering adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is supported. The Board finds that the appellant failed to demonstrate by a preponderance of the evidence that the subject was overvalued and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
