

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Roman Kononov
DOCKET NO.: 20-26474.001-R-1
PARCEL NO.: 03-07-201-019-1205

The parties of record before the Property Tax Appeal Board are Roman Kononov, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 428
IMPR.: \$11,507
TOTAL: \$11,935

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a residential condominium unit within a 41-year-old, 336-unit residential complex. The property has an 857,848 square foot site and is located in Wheeling Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of appeal. In support of this argument, the appellant submitted a grid listing the PIN, unit, percentage of ownership, assessments, sale date, sale price, adj. sale price, actual sales ratio, corrected assessments, and corrected sales ratio.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,935. The subject's assessment reflects a market value of

\$119,350 when applying the 2020 level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted an analysis estimating the market value of the subject based on the sale of 72 other units within the subject building. Based on the cumulative percentage of ownership of the units that sold, the board of review found the full value of the entire building. Multiplying the subject's percentage of ownership by the full value of the building, the board of review found the market value of the subject of \$131,181.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board also gives no weight the appellant's sale ratio study and finds the appellant did not choose random properties within the county to analyze sales information, but instead chose properties located in the subject's building complex. The Court has stated that when comparable properties are handpicked and not random, the study cannot be viewed as representative of the county's assessments as a whole. Peacock v. Illinois Property Tax Appeal Board, 339 Ill.App.3d 1060, 1069, 792 N.E.2d 367, 374 (4th Dist. 2003). Moreover, the Board finds this study was conducted by the appellant's attorney, who cannot act in the capacity of both an advocate and a witness. 86 Ill.Admin.Code §1910.70(f).

The Board finds the best evidence of market value to be the sales submitted by the board of review which also include the appellant's comparables. However, the board of review did not make any adjustments to these sales as the appellant did. The Board gives this adjustment no weight as there is no evidence to support this. These units sold for prices ranging from \$26,877 to \$143,000. The subject's assessment reflects a market value of \$119,350 which is within the range of the comparables. Therefore, the Board finds that the appellant failed to show by a preponderance of the evidence that the subject was overvalued and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
