

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Samir Samra
DOCKET NO.: 20-26530.001-R-1 through 20-26530.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Samir Samra, the appellant, by attorney Dimitrios Trivizas, of Dimitrios P. Trivizas, Ltd. in Skokie; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
20-26530.001-R-1	24-04-202-014-0000	1,995	8,310	\$10,305
20-26530.002-R-1	24-04-202-015-0000	1,995	8,310	\$10,305

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two parcels improved with a multi-level dwelling of frame and masonry exterior construction with 1,300 square feet of living area. The dwelling is approximately 53 years old. Features of the home include a partial basement with finished area and a 2-car garage. The two parcels have 6,650 square feet of land area. The property is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-34 properties improved with multi-level dwellings of frame and masonry exterior construction ranging in size from 1,305 to 1,453 square feet of living area. The comparables are

50 or 55 years old and have partial basements. Two comparables have central air conditioning. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$14,532 to \$16,440 or from \$10.90 to \$11.32 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The appellant also submitted a copy of the decision from the Cook County Board of Review for the two parcels under appeal. The two parcels have a total assessment of \$20,610 and a total improvement assessment of \$16,620 or \$12.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" on only one parcel under appeal. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-34 properties improved with multi-level dwellings of masonry or frame and masonry exterior construction ranging in size from 1,123 to 1,374 square feet of living area. The comparables are 35 to 60 years old and have partial basements with finished area. Two comparables have central air conditioning. Two comparables each have one fireplace. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$15,303 to \$19,957 or from \$13.63 to \$14.52 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #3 along with board of review comparables #2 and #4 due to their differences in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 and #2 along with board of review comparables #1 and #3 which overall are most similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$14,532 to \$19,957 or from \$10.90 to \$14.52 per square foot of living area. The subject's improvement assessment of \$16,620 or \$12.78 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
