

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bryan Pearson
DOCKET NO.: 20-26533.001-R-1
PARCEL NO.: 12-02-108-016-0000

The parties of record before the Property Tax Appeal Board are Bryan Pearson, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,610
IMPR.: \$ 31,938
TOTAL: \$ 37,548

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) after receiving a decision from the Cook County Board of Review. The instant appeal challenges the assessment for tax year 2020. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

Findings of Fact

The subject consists of a one-story dwelling of frame and masonry construction with 1,905 square feet of living area. The dwelling is 65 years old. Features of the home include a full basement with a formal recreation room, central air conditioning, a fireplace, and a one-car garage. The property's site is 6,600 square feet, and it is located in Leyden Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four sale comparables. Sale Comparable #3 was the sale of vacant land in October 2019 for \$195,000. The remaining sale comparables sold between December 2018 and December 2019 for \$190,000 to \$199,500, or \$133.99 to \$174.24 per square foot of living area, including land. The appellant also submitted evidence disclosing the subject property was allegedly purchased on April 29, 2019 for a price of \$175,000. The appellant

submitted a printout from the MLS showing that the subject's listing expired on May 1, 2019. The listing price for the subject in this MLS printout was \$299,000. The appellant also submitted a letter from the real estate broker stating that the subject was vacant during the time it was listed for sale, and, therefore, it is not owner-occupied. The appellant also submitted a settlement statement purporting to show that the subject was sold. However, this settlement statement is not signed by the parties. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$17,500.

The board of review submitted its "Board of Review Notes on Appeal" disclosing that the total assessment for the subject is \$37,548. The subject's assessment reflects a market value of \$375,480, or \$197.10 per square foot of living area, including land, when applying the 2020 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, and four sale comparables. These sale comparables sold from June 2017 to September 2019 for \$525,000 to \$642,000, or \$273.58 to \$292.08 per square foot of living area, including land. The board of review's evidence also states that the subject was purchased in May 2019 for \$175,000.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof, and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be appellant sale comparable #1, and board of review sale comparables #1 and #4. These sale comparables sold for prices ranging from \$133.99 to \$292.08 per square foot of living area, including land. The subject's assessment reflects a market value of \$197.10 per square foot of living area, including land, which is within the range established by the best comparables in this record. The Board accorded no weight to the purported sale of the subject in April 2019 for \$175,000, as there was no evidence submitted to show that the transaction was completed. The printout from the MLS does not show that the sale closed, and the settlement statement is not signed by the parties to the transaction. Based on this record, the Board finds the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
