

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Czarnecki
DOCKET NO.: 20-26828.001-R-1
PARCEL NO.: 01-34-204-017-0000

The parties of record before the Property Tax Appeal Board are Robert Czarnecki, the appellant, by attorney Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,493
IMPR.: \$56,130
TOTAL: \$68,623

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 4,852 square feet of living area. The dwelling is approximately 29 years old. Features of the home include an unfinished partial basement, one fireplace and a four-car garage. The property has a 62,465 square foot site and is located in South Barrington, Barrington Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject. The comparables are improved with two-story dwellings of masonry, stucco or frame and masonry exterior construction ranging in size from 4,329 to 4,904 square feet of living area. The comparables range in age from 30 to 40 years old. The comparables each have a full or partial basement,

three of which have finished area. Each comparable has central air conditioning and one or two fireplaces. The comparables have improvement assessments ranging from \$32,167 to \$48,242 or from \$6.91 to \$10.97 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced to \$46,773 or \$9.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,623. The subject property has an improvement assessment of \$56,130 or \$11.57 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame or masonry exterior construction ranging in size from 3,959 to 4,879 square feet of living area. The comparables range in age from 22 to 36 years old. The comparables each have a full basement, two of which have finished area. Each comparable has central air conditioning, from one to three fireplaces and from a one-car to a four-car garage. The comparables have improvement assessments ranging from \$54,984 to \$59,408 or from \$11.69 to \$13.89 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as none were reported to have a garage like the subject. The Board also gives less weight to the board of review comparable #2 due to its smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are relatively similar to the subject property in age, dwelling size and some features. These comparables have improvement assessments ranging from \$56,742 to \$59,048 or from \$12.26 to \$13.25 per square foot of living area. The subject's improvement assessment of \$56,130 or \$11.57 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
