

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frederick Kreusch
DOCKET NO.: 20-26851.001-R-1
PARCEL NO.: 03-29-416-014-0000

The parties of record before the Property Tax Appeal Board are Frederick Kreusch, the appellant, by Amy C. Floyd, attorney-at-law in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,915
IMPR.: \$22,328
TOTAL: \$27,243

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of masonry exterior construction containing 1,152 square feet of living area. The dwelling is approximately 66 years old. Features of the property include a full unfinished basement, central air conditioning, one fireplace, one bathroom, and a 1-car garage. The property has a 7,865 square foot site located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same classification code and neighborhood code as the subject property. The comparables are improved with one-story dwellings of masonry, frame, or frame and masonry exterior construction that range in size from 1,176 to 1,488 square feet of living area. The homes range in age from 62 to 72 years old. Two comparables have a full or partial

basements with one having finished area, and two comparables have slab foundations. Each property has 1, 1½ or 2 bathrooms. One comparable has central air conditioning and two comparables have one or two fireplaces. The appellant did not disclose whether the comparables have garages although copies of photographs of the comparables submitted by the appellant depict three comparables as having a 1-car garage. The comparables have improvement assessments ranging from \$16,264 to \$21,923 or from \$13.83 to \$14.73 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$16,554.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,243. The subject property has an improvement assessment of \$22,328 or \$19.38 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-03 properties improved with one-story dwellings of masonry or frame and masonry exterior construction that range in size from 1,031 to 1,229 square feet of living area. The homes range in age from 56 to 70 years old. Each property has a full or partial basement with one having finished area, one fireplace, 1 or 1½ bathrooms, and a 1-car garage. Two comparables have central air conditioning. The comparables have the same assessment neighborhood code as the subject property and are located ¼ of a mile from the subject. Their improvement assessments range from \$22,267 to \$23,864 or from \$19.10 to \$21.60 per square foot of living area. The board of review contends the building assessed value of the comparables average of \$20.36 is higher than the subject, which supports the 2020 assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparables #2, #3 and #4 due to differences from the subject dwelling in size and/or differences in foundation. The Board finds the best evidence of assessment equity to be appellant's comparable #1 and the board of review comparables that are most similar to the subject dwelling in size and have relatively similar features as the subject property. These five comparables have improvement assessments that range from \$16,264 to \$23,864 or from \$13.83 to \$21.60 per square foot of living area. The subject's improvement assessment of \$22,328 or \$19.38 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
