

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Bjorgo
DOCKET NO.: 20-26856.001-R-1
PARCEL NO.: 03-29-329-005-0000

The parties of record before the Property Tax Appeal Board are Jason Bjorgo, the appellant, by Amy C. Floyd, attorney-at-law in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,411
IMPR.: \$36,414
TOTAL: \$42,825

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1.5-story dwelling of frame exterior construction containing 2,033 square feet of living area. The dwelling is approximately 94 years old. Features of the property include a full unfinished basement, central air conditioning, 2½ bathrooms, and a 2-car garage. The property has an 8,844 square foot site located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables composed of class 2-04 properties improved with 1.5-1.9 story dwellings of frame or frame and masonry exterior construction that range in size from 1,831 to 2,157 square feet of living area. The homes range in age from 94 to 104 years old. Each property has a partial or full basement with three having formal recreation rooms, central air conditioning, and 1½, 2 or 2½

bathrooms. One comparable has a fireplace. The appellant did not disclose whether the comparables have garages although copies of photographs of the comparables submitted by the appellant depict two comparables as having detached garages. The comparables have improvement assessments ranging from \$18,783 to \$25,167 or from \$9.39 to \$12.43 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$22,424.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,825. The subject property has an improvement assessment of \$36,414 or \$17.91 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same classification code and neighborhood code as the subject property. The comparables are improved with 1.5-story dwellings of frame exterior construction that range in size from 1,836 to 2,055 square feet of living area. The homes range in age from 94 to 96 years old. Each comparable has a full unfinished basement, 1½ or 2 bathrooms, and a 2-car or 3-car garage. Two comparables have central air conditioning and one comparable has one fireplace. The comparables are located ¼ of a mile from the subject property. These properties have improvement assessments ranging from \$36,658 to \$42,147 or from \$18.48 to \$21.99 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight assessment equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The comparables submitted by both parties are improved with homes similar to the subject dwelling in style, age and size. The comparables have varying degrees of similarity to the subject in features. These comparables have improvement assessments that range from \$18,783 to \$42,147 or from \$9.39 to \$21.99 per square foot of living area. The subject's improvement assessment of \$36,414 or \$17.91 per square foot of living area falls within the range established by the comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
