

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Willms
DOCKET NO.: 20-26913.001-R-1
PARCEL NO.: 08-10-204-007-0000

The parties of record before the Property Tax Appeal Board are Kenneth Willms, the appellant(s), by attorney Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,540
IMPR.: \$17,042
TOTAL: \$24,582

Subject only to the State multiplier as applicable.

Findings of Fact

The subject property is improved with a one-story dwelling of masonry construction containing 1,107 square feet of living area. As of the instant lien date the subject was 63 years old. Features of the home include an unfinished basement, no central air conditioning, and a two-car garage. The subject has a 12,567 square foot site and is in Mount Prospect, Elk Grove Township, Cook County.

Appellant's appeal is based on assessment equity, and Appellant submitted information on four suggested comparable one-story dwellings. They are masonry construction. Appellant's comparables have full unfinished basements. None have air conditioning. Appellant's comparables are all 1,107 square feet of living area and improvement assessments from \$10.24 to \$10.49 per square foot of living area. As of the lien date, Appellant's comparables were all 63 years old. Each comparable has the same neighborhood code as the subject property, with no further evidence on proximity to subject.

The Cook County Board of Review (BOR) submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$24,582 was disclosed, or \$15.39 per square foot of living area.

The BOR also submitted four equity comparables in support of its final assessment. The properties are described as one-story dwellings all located on the same block as the subject. They are masonry and frame-and-masonry construction. One has air conditioning. As of the lien date the BOR comparables are all 63 years old. All have an unfinished basement. The comparables are all 1,107 square feet of building area and have improvement assessments from \$16.57 to \$17.63 per square foot of building area.

Conclusion of Law

Appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds Appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be the four BOR comparables and Appellant comparable 4. All five comparables have the same improvement size as the subject. All five comparables are the same age as the subject. BOR comparable 4 is frame-and-masonry construction, same as the subject. The others are masonry. Most importantly, the BOR comparables are located on the same block as the subject. Appellant did not disclose the presented comparables' proximities to the subject.

These five comparables have improvement assessments that range from \$10.49 to \$17.63 per square foot of living area. The subject's improvement assessment of \$15.39 per square foot of living area falls squarely within the range established by the best comparables in this record.

Based on this record, the Board finds Appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
