

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Lynch
DOCKET NO.: 20-27056.001-R-1
PARCEL NO.: 22-28-214-009-0000

The parties of record before the Property Tax Appeal Board are Michael Lynch, the appellant, by attorney Christopher G. Walsh, Jr., of Walsh Law, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,995
IMPR.: \$40,874
TOTAL: \$46,869

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,716 square feet of living area. The dwelling is approximately 28 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 3-car garage. The property has a 10,358 square foot site and is located in Lemont, Lemont Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78, two-story dwellings of frame and masonry exterior construction ranging in size from 3,455 to 3,684 square feet of living area. The dwellings are 28 and 31 years old. Three comparables each have an unfinished basement. Three comparables each have central air conditioning. Each comparable has one fireplace and either a 2-car or 2.5-car garage.

Comparable #2 has a partial finished attic. The comparables have improvement assessments that range from \$32,142 to \$36,777 or from \$9.30 to \$9.98 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$35,748 or \$9.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,829. The subject property has an improvement assessment of \$40,874 or \$11.00 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78, two-story dwellings of masonry exterior construction ranging in size from 3,266 to 3,700 square feet of living area. The dwellings range in age from 22 to 27 years old. Each comparable has a basement, one with finished area, central air conditioning, either one or two fireplaces and either a 3-car or 3.5-car garage. The comparables have improvement assessments that range from \$37,016 to \$44,744 or from \$11.30 to \$12.09 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #2 due to its reported lack of a basement foundation, a feature of the subject. The Board gives reduced weight to board of review comparables #1 and #4 due to their finished basement area and/or smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #3 and #4 along with board of review comparables #2 and #3. The Board finds that these comparables are most similar to the subject in location, design, dwelling size, age and some features. These most similar comparables have improvement assessments ranging from \$32,142 to \$44,744 or from \$9.30 to \$12.09 per square foot of living area. The subject's improvement assessment of \$40,874 or \$11.00 per square foot of living area, falls within the range of the best comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
