

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Russell Braden
DOCKET NO.: 20-27311.001-R-1
PARCEL NO.: 05-27-107-005-0000

The parties of record before the Property Tax Appeal Board are Russell Braden, the appellant(s), by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,214
IMPR.: \$93,624
TOTAL: \$131,838

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,256 square feet of living area. The dwelling is approximately 96 years old. Features of the home include a full basement, central air conditioning, one fireplace and a two-car garage. The property has a 17,370 square foot site and is located in Kenilworth, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four suggested equity comparables.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within a ¼ mile radius as the subject. The comparables were improved with two-story dwellings of masonry construction. The improvements ranged: in age

from 94 to 95 years; in size between 2,742 and 3,683 square feet of living area; and in assessment from \$28.15 to \$37.56 per square foot of living area. Amenities include a full or partial unfinished basement and one comparable with a full finished basement with a formal recreation room. Two comparables had central air conditioning, each comparable had either one or two fireplaces and each comparable had either a two-car or a 2.5-car garage. The comparables have improvement assessments that range from \$77,244 to \$118,482 or from \$28.15 to \$37.56 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds that the best evidence of assessment equity is *the appellant's comparables #1 and #4 and board of reviews comparables #2 and #4*. These comparables have varying degrees of similarity when compared to the subject in dwelling size, age, and features. These comparables have improvement assessments ranging from \$20.09 to \$37.56 per square foot of living area. The subject property has an improvement assessment \$28.75 per square foot of living area, which falls below the range established by the best comparables contained in this record. The remaining properties were accorded diminished weight due to a disparity in location, exterior construction, size and/or amenities. Based on this record, the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
