

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Slawomir Majewski
DOCKET NO.: 20-27339.001-R-1
PARCEL NO.: 03-05-411-002-0000

The parties of record before the Property Tax Appeal Board are Slawomir Majewski, the appellant, by Andrew S. Dziuk, attorney-at-law in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,630
IMPR.: \$17,150
TOTAL: \$23,780

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a multi-level style dwelling of frame and masonry exterior construction containing 1,317 square feet of living area. The dwelling is approximately 51 years old. Features of the property include a partial basement with a formal recreation room, central air conditioning, 1½ bathrooms, and a 2-car garage. The property has a 7,800 square foot site located in Buffalo Grove, Wheeling Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same classification code and neighborhood code as the subject property. The comparables are improved with multi-level dwellings of frame and masonry exterior construction that range in size from 1,152 to 1,316 square feet of living area and in age from 50

to 54 years old. Each comparable has a partial basement with a formal recreation room, 1 or 1½ bathrooms, and a 1½-car or 2-car garage. Three comparables have central air conditioning and one comparable has a fireplace. These properties have improvement assessments ranging from \$14,884 to \$16,825 or from \$12.13 to \$12.92 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$15,975.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,780. The subject property has an improvement assessment of \$17,150 or \$13.02 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-34 properties improved with multi-level dwellings of frame and masonry exterior construction that have either 1,152 or 1,284 square feet of living area. The dwellings are 50 or 51 years old. Each comparable has a partial basement with a formal recreation room, central air conditioning, 1½ bathrooms, and a 2-car garage. One comparable has a one fireplace. The comparables have the same assessment neighborhood code as the subject and are located within the same block as the subject property. The board of review comparables are located along the same street as the subject property. Their improvement assessments range from \$16,682 to \$19,518 or from \$13.63 to \$15.20 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information eight assessment equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The comparables are similar to the subject in age and style. The Board, however, gives less weight to appellant's comparables #3 and #4 as well as board of review comparable #4 due to differences from the subject dwelling in size. The Board gives less weight to appellant's comparable #1 as the property has ½ less bathroom, no central air conditioning, and a smaller garage than the subject property, making the property inferior to the subject. The Board gives less weight to board of review comparable #2 as this property has one fireplace, a feature the subject does not have. The Board finds the best evidence of assessment equity to be appellant's comparables #2 and board of review comparables #1 and #3 that have 1,284 or 1,316 square feet of living area and are 50 or 54 years old. Each property has the same features as the subject property. These three comparables have improvement assessments that range from \$16,825 to \$17,984 or from \$12.78 to \$14.01 per square foot of living area. The subject's improvement assessment of \$17,150 or \$13.02 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
