

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yury Purim  
DOCKET NO.: 20-27348.001-R-1  
PARCEL NO.: 03-26-314-021-0000

The parties of record before the Property Tax Appeal Board are Yury Purim, the appellant, by Andrew S. Dziuk, attorney-at-law in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,175  
**IMPR.:** \$28,435  
**TOTAL:** \$33,610

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of frame exterior construction containing 2,527 square feet of living area. The dwelling is approximately 56 years old. Features of the home include a partial unfinished basement, central air conditioning, one fireplace, 2½ bathrooms, and an attached 2-car garage. The property has a 9,000 square foot site located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables consisting of class 2-78 properties improved with two-story dwellings of frame exterior construction that range in size from 2,268 to 2,462 square feet of living areas and in age from 54 to 59 years old. Each comparable has a full or partial basement with three having finished area, central air conditioning, 2½ bathrooms, and a 2-car garage. Three comparables

have one fireplace. These properties have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$24,245 to \$26,835 or from \$10.22 to \$11.06 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$25,826.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,610. The subject property has an improvement assessment of \$28,435 or \$11.25 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-78 properties that are improved with two-story dwellings of frame exterior construction that have either 2,236 or 2,462 square feet of living area. The homes range in age from 45 to 57 years old. Each property has a full unfinished basement, central air conditioning, 1½ or 2½ bathrooms, and a 2-car garage. One comparable has one fireplace. These properties have the same assessment neighborhood code as the subject and are located ¼ of a mile from the subject. Their improvement assessments range from \$30,454 to \$30,818 or from \$12.49 to \$13.62 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight assessment equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparables #2, #3 and #4 due to differences from the subject in basement finish and/or differences from the subject dwelling in size. The Board gives less weight to board of review comparable #4 due to differences from the subject dwelling in age and size. The Board finds the best evidence of assessment equity to be appellant's comparable #1 and board of review comparables #1, #2 and #3 each with a dwelling containing 2,462 square feet of living area that are either 56 or 57 years old. Each comparable has similar features as the subject property with the exception none have a fireplace, as the subject has, necessitating upward adjustments to make them more equivalent to the subject property. These comparables have improvement assessments that range from \$25,162 to \$30,818 or from \$10.22 to \$12.52 per square foot of living area. The subject's improvement assessment of \$28,435 or \$11.25 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
