

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Krystyna Szafranska
DOCKET NO.: 20-27369.001-R-1
PARCEL NO.: 03-24-413-023-0000

The parties of record before the Property Tax Appeal Board are Krystyna Szafranska, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,144
IMPR.: \$20,769
TOTAL: \$26,913

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,410 square feet of living area. The dwelling is approximately 56 years old. Features of the home include a partial basement with finished area, central air conditioning, and a 2-car garage. The property has a 10,686 square foot site and is located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-34 properties improved with multi-level dwellings of frame and masonry exterior construction ranging in size from 1,262 to 1,510 square feet of living area. The dwellings are 51

or 54 years old and have partial basements with finished area. Three comparables have central air conditioning and a 2-car garage. Comparable #1 has one fireplace. The comparables have improvement assessments ranging from \$18,444 to \$20,710 or from \$13.34 to \$14.61 square feet of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,913. The subject property has an improvement assessment of \$20,769 or \$14.73 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code and located on the same block as the subject. The comparables are class 2-34 properties improved with multi-level dwellings of frame and masonry exterior construction ranging in size from 1,202 to 1,472 square feet of living area. The homes are 51 to 56 years old and have partial basements with finished area. Each comparable has central air conditioning and a 2-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$20,769 to \$24,903 or from \$14.73 to \$20.72 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparables for the Board's consideration that are similar to the subject in location, age, and features. The Board gives less weight to appellant's comparable #4 as well as board of review comparable #4 which are less similar to the subject dwelling in size than the other comparables in the record.

The Board finds the best evidence of equity to be appellant's comparables #1, #2 and #3 along with board of review comparables #1, #2 and #3 which are most similar to the subject dwelling in size. These comparables have improvement assessments ranging from \$20,143 to \$24,489 or from \$13.34 to \$18.64 per square foot of living area. The subject's improvement assessment of \$20,769 or \$14.73 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
