

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jan Bryniarski  
DOCKET NO.: 20-27491.001-R-1  
PARCEL NO.: 19-32-230-050-0000

The parties of record before the Property Tax Appeal Board are Jan Bryniarski, the appellant, by attorney Andrew S. Dziuk in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,572  
**IMPR.:** \$22,572  
**TOTAL:** \$26,144

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a multi-level single family dwelling of masonry exterior construction containing 1,881 square feet of living area. The dwelling is approximately 15 years old. Features of the home include a partial basement with a formal recreation room, central air conditioning, one fireplace, three bathrooms, and an attached two-car garage. The property has a 6,495 square foot site located in Burbank, Stickney Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables composed of class 2-34 multi-level dwellings of masonry exterior construction that range in size from 1,806 to 1,958 square feet of living area. The dwellings range in age from 15 to 52 years old. Each property has a partial basement with a formal recreation room, central air

conditioning, 1½ to 2½ bathrooms, and either a 2-car detached or attached garage. Three comparables have one fireplace. These properties have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$18,860 to \$21,152 or from \$10.44 to \$11.55 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$19,638.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,144. The subject property has an improvement assessment of \$22,572 or \$12.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with multi-level dwellings of masonry exterior construction that range in size from 1,837 to 2,191 square feet of living area. The homes are either 10 or 15 years old. Each property has a partial basement with a formal recreation room, central air conditioning, one fireplace, 2½ or 3 bathrooms, and either a 2-car or a 3-car garage. These properties have the same classification code and neighborhood code as the subject property. Their improvement assessments range from \$24,425 to \$26,751 or from \$11.15 to \$14.45 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparables to support their respective positions. The Board gives less weight to appellant's comparables #1 and #2 due to differences from the subject dwelling in age as the homes are approximately 37 and 23 years older than the subject home, respectively. The Board gives less weight to board of review comparable #1 due to differences from the subject dwelling in size. The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4 as well as board of review comparables #2, #3 and #4. These comparables are improved with homes most similar to the subject in age and size. These properties have similar features as the subject dwelling with the exception appellant's comparables #2 and #4 along with board of review comparables #3 and #4 have from ½ to 1½ less bathrooms than the subject, suggesting each would require an upward adjustment to make them more equivalent to the subject for this feature. These five comparables have improvement assessments that range from \$20,857 to \$26,751 or from \$11.36 to \$14.45 per square foot of living area. The subject's improvement assessment of \$22,572 or \$12.00 per square foot of living area falls within the range established by the best comparables in this record and is well supported after considering the suggested adjustments. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
