

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Lelis
DOCKET NO.: 20-27518.001-R-1
PARCEL NO.: 24-19-113-037-0000

The parties of record before the Property Tax Appeal Board are David Lelis, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,315
IMPR.: \$9,300
TOTAL: \$14,615

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,231 square feet of living area. The dwelling is approximately 63 years old. Features of the home include a concrete slab foundation, central air conditioning, and a 2-car garage. The property has a 10,125 square foot site and is located in Worth, Worth Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,231 to 1,394 square feet of living area. The homes range in age from 59 to 65 years old.

Each comparable has either a concrete slab or crawl space foundation and from a 1-car to a 2-car garage. One comparable has central air conditioning and a fireplace. The comparables have improvement assessments ranging from \$9,220 to \$9,731 or from \$6.86 to \$7.65 per square foot of living area. Based on this evidence, the appellant requested that the subject's total improvement assessment be reduced.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated February 8, 2021 which disclosed the subject has a total assessment of \$15,348. The total assessment reflects a land assessment of \$5,315 and an improvement assessment of \$10,033 or \$8.15 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing a different total assessment for the subject than the final decision provided by the appellant. Nevertheless, in support of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,026 to 1,231 square feet of living area. The homes range in age from 55 to 64 years old. One comparable has an unfinished full basement and two comparables each have a concrete slab foundation. Two comparables each have central air conditioning and each comparable has either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$8,991 to \$9,594 or from \$7.37 to \$9.35 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3, and #4 as well as the board of review comparables #1 and #3, which are overall more similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. These five comparables have improvement assessments ranging from \$8,991 to \$9,731 or from \$7.37 to \$7.65 per square foot of living area. The subject's improvement assessment of \$10,033 or \$8.15 per square foot of living area falls above the range established by the best comparables in this record and is excessive. The Board gives less weight to the appellant's comparable #1 and board of review comparable #2 due to differences in dwelling size and/or foundation type when compared to the subject. Therefore, based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
