

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jose Sanchez
DOCKET NO.: 20-27520.001-R-1
PARCEL NO.: 24-03-130-002-0000

The parties of record before the Property Tax Appeal Board are Jose Sanchez, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,583
IMPR.: \$10,727
TOTAL: \$13,310

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,464 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a crawl space foundation and a 2-car garage. The property has a 4,920 square foot site and is located in Hometown, Worth Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject. The comparables are improved with 1-story or 2-story, class 2-10 dwellings of frame exterior construction ranging in size from 1,517 to 1,752 square feet of living area. The dwellings are either 69 or 70 years old. Each comparable has a crawl space foundation and a 1.5-car garage. Three comparables each

have central air conditioning. The comparables have improvement assessments ranging from \$8,991 to \$9,469 or from \$5.17 to \$5.94 per square foot of living area. Based on this evidence, the appellant requested that the subject's total improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,310. The subject property has an improvement assessment of \$10,727 or \$7.33 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-10 dwellings of frame exterior construction ranging in size from 1,272 to 1,481 square feet of living area. The comparables are either 67 or 69 years old. Each comparable has a crawl space foundation and either a 1-car or a 1.5-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$10,656 to \$13,203 or from \$7.56 to \$9.40 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 as well as board of review comparables #1, #2, and #3 which are similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$9,337 to \$13,203 or from \$5.91 to \$9.40 per square foot of living area. The subject's improvement assessment of \$10,727 or \$7.33 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the parties' remaining comparables due to differences in design or dwelling size when compared to the subject. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
