

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jan Krol
DOCKET NO.: 20-27521.001-R-1
PARCEL NO.: 24-05-308-030-0000

The parties of record before the Property Tax Appeal Board are Jan Krol, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,725
IMPR.: \$20,118
TOTAL: \$23,843

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,899 square feet of living area. The dwelling is approximately 27 years old. Features of the home include a partial basement with finished area, central air conditioning, a fireplace, and a 2-car garage. The property has a 7,450 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-34 properties improved with multi-level dwellings of frame and masonry exterior construction ranging in size from 1,831 to 2,120 square feet of living area. The dwellings are 35

to 61 years old and have partial basements with finished area. Three comparables have central air conditioning; two comparables each have one fireplace; and each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$15,728 to \$19,636 or from \$8.59 to \$9.26 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review final decision submitted by the appellant disclosed a total assessment of \$23,843. The appellant reported a land assessment of \$3,725 and an improvement assessment of \$20,118 or \$10.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject. Two comparables are located on the same block and street as the subject. The comparables are class 2-34 properties improved with multi-level dwellings of frame and masonry exterior construction ranging in size from 1,612 to 1,748 square feet of living area. The comparables are 24 to 32 years old and have partial basements with finished area. Each comparable has central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$19,140 to \$22,223 or \$11.80 and \$13.79 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #3 along with board of review comparables #1 and #3 due to differences in age or dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 and board of review comparable #2 which overall are most similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments of \$19,636 and \$20,626 or \$9.26 and \$11.80 per square foot of living area. The subject's improvement assessment of \$20,118 or \$10.59 per square foot of living area is bracketed by the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
