

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anna Skupien
DOCKET NO.: 20-27523.001-R-1
PARCEL NO.: 24-18-307-073-0000

The parties of record before the Property Tax Appeal Board are Anna Skupien, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,064
IMPR.: \$14,477
TOTAL: \$17,541

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,178 square feet of living area. The dwelling is approximately 33 years old. Features of the home include a crawl space foundation, central air conditioning and a 2-car garage. The property has a 6,128 square foot site and is located in St. Worth, Worth Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code. The comparables are class 2-03 properties improved with 1-story dwellings of masonry exterior construction ranging in size from 1,040 to 1,368 square feet of living area. The dwellings are 60 to 83 years old. One comparable has a slab foundation; one

comparable has a full unfinished basement; and two comparables have crawl space foundations. One comparable has central air conditioning and a fireplace. Each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$10,214 to \$11,837 or from \$8.62 to \$9.82 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,541. The subject property has an improvement assessment of \$14,477 or \$12.29 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-03 properties improved with 1-story dwellings of masonry exterior construction ranging in size from 1,072 to 1,447 square feet of living area. The dwellings are 30 to 55 years old and have full basements, two of which have finished area. Each comparable has central air conditioning and a 2-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$13,380 to \$18,392 or from \$12.48 to \$12.85 per square foot of living area. Based on this evidence the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparables for the Board's consideration. The Board finds neither party presented comparables truly similar to the subject due to significant differences in age, dwelling size and/or features. Nevertheless, the comparables have improvement assessments ranging from \$10,214 to \$18,392 or from \$8.62 to \$12.85 per square foot of living area. The subject's improvement assessment of \$14,477 or \$12.29 per square foot of living area is within the range established by the comparables in the record. After considering adjustments to the comparables for differences in age, dwelling size and features when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
