

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Roman Wisniewski
DOCKET NO.: 20-27525.001-R-1
PARCEL NO.: 24-17-208-017-0000

The parties of record before the Property Tax Appeal Board are Roman Wisniewski, the appellant, by Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,740
IMPR.: \$40,107
TOTAL: \$47,847

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family building of masonry exterior construction with 5,850 square feet of gross building area. The structure is approximately 42 years old. Features include a concrete slab foundation. The property has a 9,675 square foot site and is located in Chicago Ridge, Worth Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assigned neighborhood code as the subject along with an additional spreadsheet analysis and property characteristics sheets for the comparables. The comparables consist of class 2-11 three-story masonry buildings that are either 25 or 42 years old. The buildings range in size from 5,505 to 6,738 square feet of gross building area. Three

comparables have basements, two of which have finished area. Comparable #2 has central air conditioning, six fireplaces and a three-car garage. The comparables have improvement assessments ranging from \$29,512 to \$36,424 or from \$4.96 to \$5.46 per square foot of gross building area.

Based on this evidence, the appellant requested a reduced improvement assessment of \$29,016 or \$4.96 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,847. The subject property has an improvement assessment of \$40,107 or \$6.86 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code and within ¼ of a mile from the subject. The comparables consist of class 2-11 two-story or three-story buildings of masonry exterior construction ranging in age from 25 to 50 years old. The buildings range in size from 3,570 to 5,297 square feet of gross building area. Three comparables have full basements, two of which are finished as an apartment. Comparable #2 has a concrete slab foundation, central air conditioning and a four-car garage. The comparables have improvement assessments ranging from \$28,758 to \$38,088 or from \$7.19 to \$8.97 per square foot of gross building area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *met/did not meet* this burden of proof and a reduction in the subject's assessment *is/is not* warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1 and #3 along with board of review comparables #1, #3 and #4, each of which differ substantially in building size when compared to the subject building.

The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #4 as well as board of review comparable #2, despite substantial differences in age, foundation type, air conditioning and/or garage amenity when compared to the subject which necessitate adjustments to make the comparables more equivalent to the subject. These comparables have improvement assessments ranging from \$29,512 to \$38,088 or from \$5.36 to \$7.19 per square foot of gross building area. The subject's improvement assessment of \$40,107 or \$6.86 per square foot of gross building area falls above the range established by the best comparables in this record in terms of overall assessment, but within the range on a square foot of building area

basis. Based on this record and after considering appropriate adjustments to the best comparables for numerous differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
