

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sahim Alhaddadin
DOCKET NO.: 20-27530.001-R-1
PARCEL NO.: 24-15-128-001-0000

The parties of record before the Property Tax Appeal Board are Sahim Alhaddadin, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,200
IMPR.: \$14,812
TOTAL: \$20,012

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,427 square feet of living area. The dwelling is approximately 43 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 2-car garage. The property has an 8,001 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same neighborhood code as the subject. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,288 to 1,632 square feet of living area. The homes range in age from 58 to 61 years old.

Each comparable has a basement with finished area, central air conditioning, and either a 2-car or a 2.5-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$12,353 to \$14,770 or from \$9.05 to \$10.06 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated February 8, 2021 which disclosed the subject has a total assessment of \$20,012. The total assessment reflects a land assessment of \$5,200 and an improvement assessment of \$14,812 or \$10.38 per square foot of living area, per the appellant's petition.

The board of review submitted its "Board of Review Notes on Appeal" disclosing a different total assessment for the subject than the final decision provided by the appellant. Nevertheless, in support of its contention of the correct assessment, the board of review submitted information on three comparables with the same neighborhood code as the subject. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,412 to 1,644 square feet of living area. The homes range in age from 28 to 46 years old. Each comparable has a basement with finished area, one fireplace, and a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$16,718 to \$20,122 or from \$11.84 to \$13.01 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 as well as board of review comparables #1 and #2 which are more similar to the subject in location, design, and dwelling size with varying degrees of similarity in age and other features. The four best comparables have improvement assessments ranging from \$12,353 to \$18,396 or from \$9.59 to \$13.01 per square foot of living area. The subject's improvement assessment of \$14,812 or \$10.38 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's comparable #1 and board of review comparable #3 due to differences in dwelling size when compared to the subject. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
