

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Laurence Charnot  
DOCKET NO.: 20-27673.001-R-1  
PARCEL NO.: 27-29-221-019-0000

The parties of record before the Property Tax Appeal Board are Laurence Charnot, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,676  
**IMPR.:** \$29,182  
**TOTAL:** \$35,858

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story dwelling of frame and masonry exterior construction with 3,181 square feet of living area. The dwelling is approximately 24 years old. Features of the dwelling include an unfinished basement, central air conditioning, one fireplace, and a 3-car garage. The property has a 10,271 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales that are located within the same neighborhood code as the subject property. The properties have sites that range in size from 10,000 to 12,920 square feet of land area. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction ranging in size from 3,066 to 3,518 square

feet of living area. The homes range in age from 25 to 31 years old. Each comparable has a basement with one having finished area, central air conditioning, one or three fireplaces, and a 3-car garage. The properties sold from January 2019 to March 2020 for prices ranging from \$332,923 to \$389,000 or from \$102.98 to \$120.58 per square foot of living area, land included. Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$35,858 which would reflect a total market value of \$358,580 or \$112.73 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,895. The subject's assessment reflects a market value of \$398,950 or \$125.42 per square foot of building area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located in the same neighborhood code as the subject property. The Board will not consider the board of review's evidence as it is not responsive to the appellant's overvaluation argument.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds a reduction in the subject's assessment is warranted based on overvaluation.

The Board finds the only evidence of market value to be the appellant's comparables which each sold proximate in time to the subject's January 1, 2020 assessment date at issue. These comparables are similar to the subject in location, age, dwelling size, and most features. However, the Board gives less weight to board of review comparable #4 which has basement finish, unlike the subject. The three remaining properties sold from November 2019 to March 2020 for prices ranging from \$332,923 to \$381,000 or from \$102.98 to \$119.05 per square foot of living area, land included. The subject's assessment reflects an estimated market value of \$398,950 or \$125.42 per square foot of living area, land included, which falls above the range established by the best comparable sales in this record and is excessive. Therefore, based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the subject's estimated market value as reflected by its assessment is not supported and a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
