

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sheng Wu  
DOCKET NO.: 20-27705.001-R-1  
PARCEL NO.: 27-02-208-004-0000

The parties of record before the Property Tax Appeal Board are Sheng Wu, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,605  
**IMPR.:** \$40,593  
**TOTAL:** \$48,198

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 3,866 square feet of living area. The dwelling is approximately 37 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 2-car garage. The property has an approximately 23,400 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of masonry exterior construction ranging in size from 3,828 to 3,993 square feet of living area. The homes range in age from 33 to 35 years

old. Each comparable has an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$38,214 to \$42,781 or from \$9.68 to \$10.71 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$39,433 or \$10.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,068. The subject property has an improvement assessment of \$44,463 or \$11.50 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables, one of which is located in the same assessment neighborhood code as the subject property and where three of the properties are also located within ¼ of a mile from the subject. The comparables are improved with two-story class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,944 to 4,238 square feet of living area. The homes range in age from 16 to 24 years old. Each comparable has a basement, with two having finished area. Each dwelling has central air conditioning, one or two fireplaces and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$48,714 to \$56,835 or from \$12.35 to \$13.57 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables which are less similar to the subject in age, location, dwelling size, garage size and/or basement features than other properties in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are more similar to the subject in location, age, design, dwelling size and most features. These comparables have improvement assessments ranging from \$38,214 to \$42,781 or from \$9.68 to \$10.71 per square foot of living area. The subject's improvement assessment of \$44,463 or \$11.50 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
