

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Denise Oberman  
DOCKET NO.: 20-27721.001-R-1  
PARCEL NO.: 27-08-402-044-0000

The parties of record before the Property Tax Appeal Board are Denise Oberman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$18,881  
**IMPR.:** \$80,173  
**TOTAL:** \$99,054

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 8,827 square feet of living area. The dwelling is approximately 25 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 3.5-car garage. The property has an approximately 19,875 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-09 dwellings of masonry or frame and masonry exterior construction ranging in size from 5,156 to 7,008 square feet of living area. The homes range in

age from 27 to 31 years old. Each comparable has a basement, with two having finished area. Each dwelling has central air conditioning, two or three fireplaces and a 3-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$41,001 to \$61,255 or from \$7.68 to \$8.74 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$73,176 or \$8.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,054. The subject property has an improvement assessment of \$80,173 or \$9.08 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in Orland Park but outside of the subject's assessment neighborhood code. The comparables are improved with two-story class 2-09 dwellings of masonry exterior construction ranging in size from 7,144 to 10,406 square feet of living area. The homes range in age from 4 to 30 years old. Each comparable has a basement, with three having finished area. Each dwelling has central air conditioning, one or two fireplaces and three homes each have a 4-car garage. The comparables have improvement assessments ranging from \$98,565 to \$125,931 or from \$12.10 to \$15.50 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board finds the appellant's comparables are closer in proximity to the subject, being in the same assessment neighborhood code, but have dwelling sizes ranging from approximately 21% to 43% smaller when compared to the subject. Conversely, the board of review's comparables are more similar to the subject in dwelling size but are located outside of the subject's assessment neighborhood. Nevertheless, the Board gives less weight to appellant comparables #1, #2 and #3 along with board of review's comparables #1 and #4 which are substantially different from the subject in age and/or dwelling size.

The Board finds the best evidence of assessment equity to be the appellant comparable #4 and board of review comparables #2 and #4 which are similar to the subject in age and design but present varying degrees of similarity to the subject in location, dwelling size and other features. These best comparables have improvement assessments ranging from \$61,255 to \$102,114 or from \$8.74 to \$13.80 per square foot of living area. The subject's improvement assessment of \$80,173 or \$9.08 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the comparables for

differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
