

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Davis
DOCKET NO.: 20-27742.001-R-1
PARCEL NO.: 18-22-102-004-0000

The parties of record before the Property Tax Appeal Board are Joseph Davis, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,968
IMPR.: \$35,571
TOTAL: \$38,539

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry exterior construction with 3,600 square feet of living area. The dwelling is approximately 32 years old. Features of the home include an unfinished basement and central air conditioning. The property has an approximately 6,250 square foot site and is located in Hodgkins, Lyons Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-11 multi-family dwellings of masonry exterior construction ranging in size from 4,020 to 5,533 square feet of living area. The homes range in

age from 54 to 64 years old. Each comparable has a basement, three of which are finished with an apartment. Each dwelling has central air conditioning and two comparables each have a 4-car garage. The comparables have improvement assessments ranging from \$33,838 to \$46,070 or from \$6.73 to \$8.87 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$29,268 or \$8.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,539. The subject property has an improvement assessment of \$35,571 or \$9.88 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in different assessment neighborhood codes than the subject property. The comparables are improved with two-story or three-story class 2-11 multi-family dwellings of frame or masonry exterior construction ranging in size from 2,948 to 4,536 square feet of living area. The homes range in age from 41 to 119 years old. Each comparable has a basement, one of which is finished with a recreation room. One dwelling has central air conditioning, one home has a fireplace and two comparables have either a 2-car or a 4-car garage. The comparables have improvement assessments ranging from \$34,660 to \$47,099 or from \$10.01 to \$11.76 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board finds each of the appellant's comparables are from 22 to 32 years older in age when compared to the subject and three of the appellant's comparables are approximately 40% or 54% larger in dwelling size when compared to the subject. The Board further finds each of the board of review's four comparables are located outside of the subject's assessment neighborhood code and present varying degrees of similarity to the subject in age, design and other features. Nevertheless, these comparables have improvement assessments ranging from \$33,838 to \$47,099 or from \$6.73 to \$11.76 per square foot of living area. The subject's improvement assessment of \$35,571 or \$9.88 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
