

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maan El Khadra  
DOCKET NO.: 20-27753.001-R-1  
PARCEL NO.: 18-31-307-015-0000

The parties of record before the Property Tax Appeal Board are Maan El Khadra, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$20,167  
**IMPR.:** \$92,819  
**TOTAL:** \$112,986

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 5,114 square feet of living area. The dwelling is approximately 19 years old. Features of the home include a basement with finished area, central air conditioning, four fireplaces and a 4-car garage. The property has an approximately 27,817 square foot site and is located in Burr Ridge, Lyons Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located in the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 25,869 to 49,048 and are improved with class 2-09 dwellings of masonry exterior construction ranging in size from 5,647 to 6,165 square feet of living area. The homes range in age from 22

to 26 years old. Each comparable has a basement, with three having finished area. Each dwelling has central air conditioning, one to seven fireplaces and a 3-car or a 4-car garage. The properties sold from June 2018 to May 2019 for prices ranging from \$1,062,500 to \$1,235,000 or from \$178.51 to \$213.89 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$99,143 which reflects a market value of \$991,430 or \$193.87 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$112,986. The subject's assessment reflects a market value of \$1,129,860 or \$220.93 per square foot of living area, land included, when applying the level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales, two of which are located in the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 10,480 to 28,488 and are improved with two-story class 2-09 dwellings of frame, masonry or stucco exterior construction ranging in size from 5,037 to 5,769 square feet of living area. The homes range in age from 7 to 19 years old. Each comparable has a basement with finished area, central air conditioning and from a 2-car to a 4-car garage. Three homes have either two or three fireplaces. The comparables sold from July 2018 to July 2019 for prices ranging from \$1,400,000 to \$2,165,000 or from \$273.44 to \$404.75 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. Three of the appellant's comparables sold in 2018, more than 12 months prior to the January 1, 2020 assessment date and the four comparable have a substantially larger dwelling size and site size relative to the subject. The board of review comparables sold either in 2018 or are located in a different assessment neighborhood code than the subject. Nevertheless, the Board gives less weight to appellant comparables #1 and #3 which differ from the subject in dwelling size and board of review comparables #3 and #4 which are located in a different city than the subject property.

The Board finds the best evidence of market value to be appellant comparables #2 and #4 along with board of review comparables #1 and #2 which are overall more similar to the subject in location, age, design, dwelling size and other features. These properties sold from June to October 2018 for prices ranging from \$1,075,000 to \$1,800,000 or from \$190.37 to \$357.36 per

square foot of living area, land included. The subject's market value of \$1,129,860 or \$220.93 per square foot of living area, land included falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
